

PROFILE

I am a junior cloud network engineer. I specialize in designing, implementing, and maintaining computer networks, ensuring seamless connectivity. I excel in configuring network devices, troubleshooting issues, and collaborating with diverse teams. Committed to staying current with evolving technologies. I aspire to contribute to organizational success by building secure, scalable, and efficient network infrastructures.

AARON KIPKEMOI BETT

NETWORK & CLOUD ENGINEER

EXPERIENCE

AZUBI AFRICA(Cloud Computing)

- Monitoring and optimization of cloud architecture
- Security Management in cloud
- Implementation and deployment

Attachee Bomet Univerity college May 2023- August 2023

- Junior Network Engineer responsible for Network Design, configuration and troubleshooting
- Hardware Troubleshooting
- IT support Help Desk

Attachee Dedan Kimathi University of Technology

- Hardware Troubleshooting
- Software Engineering
- Network Configuration and Design

PERSONAL EXPERIENCE

- Network Engineering
- Python Programming
- Cloud Computing(AWS)

EDUCATION

Bsc IN COMPUTER SCIENCE (September 2020 to date)

Dedan Kimathi University of Technology

KCSE(2019)

St Michael Secondary School Grade: B+

KCSE(2015-2019)

Moi Minariet Secondary School Grade: B-

JAN- MARCH 2024: AZUBI AFRICA CLOUD COMPUTING

LANGUAGES

- English(Very Good)
- Kiswahili

KEY SKILLS

- Networking(Design, configuration and Troubleshooting)
- Cloud Computing
- Hardware Troubleshooting
- Database Management
- Network Security

INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

Email: ict@buc.ac.ke

REF: BUC/ICT/CORR.1/3/23

DATE: 27th JULY 2023

TO WHOEVER IS CONCERN,

RE: RECOMMENDATION – AARON KIPKEMOI BETT

It is my privilege to recommend Aaron Kipkemai Bett who worked in ICT Section as an attaché under my supervision for a period of three months (26th May – 26th July 2023).

During his attachment Aaron was able to master hands on skills in; maintaining and troubleshooting all network and computer related issues; monitoring performance and management parameters to provide fast responses to front-end users; troubleshooting and repairing of hardware, operating systems and applications; monitoring and maintaining computer systems and networks as well as installing and supporting of all ICT hardware and software.

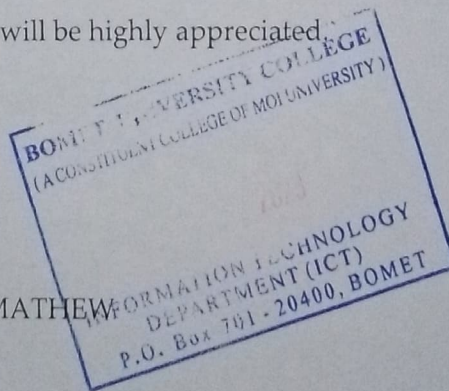

He is motivated, self-starter, quick learner and willing and eager to help everyone. His ability to communicate with clients and fellow co-workers was outstanding. He is reliable and great team player.

Any assistance accorded to him will be highly appreciated.

Yours Sincerely,

CICT. KIPNGETICH NGENO MATHEW

HOD, ICT SECTION

DEDAN KIMATHI UNIVERSITY OF TECHNOLOGY

To Whom It May Concern

Dear Sir/Madam,

RE: RECOMMENDATION FOR AARON KIPKEMOI BETT REGISTRATION
NUMBER C026-01-0715/2020

This is to confirm that the above named person is a student at Dedan Kimathi University of Technology pursuing Bachelor of Science in Computer Science. He is currently in his fourth year, second semester (last semester) of study. We will appreciate any assistance accorded to him. For further clarification, do not hesitate to contact the undersigned.

Yours Sincerely,

George Musumba, PhD

Dean, School of Computer Science & IT
